Yamhill County Sheriff's Close Two Significant Willamina Cases With Arrests

On May 25, 2021, Yamhill County Sheriff's Office responded to a stabbing in the 600 block of SW Cherry Ave in the city of Willamina. The victim in the case, an adult male, was 30 years old at the time of the incident. The victim suffered multiple serious stab wounds to his left arm, shoulder, and neck. The victim had been asleep in a vehicle when he was awoken by the vehicle window being broken and him being stabbed. Responding deputies secured the crime scene and collected evidence as the victim was transported to the hospital. Over the span of nearly two years, investigators with the Yamhill County Sheriff's Office CRT

team continued the investigation by following up on various leads generated through search warrants and evidence processing by the Oregon State Police Forensic Laboratory. A suspect was identified, which allowed even more evidence collection. The case was presented to a Grand Jury in Yamhill County, and the suspect was indicted on the charges of Assault 1st Degree, Unlawful Use of a Weapon, and Criminal Mischief 2nd Degree. An arrest warrant was issued for the individual. On March 18, 2023, the suspect, identified as Jean Emmanuel Ruiz, age 37, from Cape Coral, Fla., was arrested on the Yamhill

County warrant by the Novato Police Department in Marin County, CA. Ruiz was stopped by a patrol officer after the officer observed Ruiz commit a traffic offense (driving while using a cell phone). Ruiz was lodged in the Marin County Jail, and investigators from the Yamhill County Sheriff's Office traveled to Marin County to continue the investigation and collect additional evidence. Ruiz was able to secure release by posting bail and is not currently in custody. The second case began on December 16, 2023, when Yamhill County Sheriff's Office responded to a reported robbery at Dillon's Bar in Willamina. Staff and patrons described that a white male entered the bar and brandished a handgun, demanding money. The subject fled and was not located by responding personnel. Yamhill County Sheriff's Office received assistance during the initial response from Polk County Sheriff's Office, Or-

egon State Police, and Grand Ronde Tribal Police Department. Detectives with the Yamhill County Sheriff's Office Special Investigations Unit (SIU) conducted extensive searches of the area and canvassed the area to identify witnesses or surveillance cameras. Several investigative leads were developed, which resulted in a search warrant being served in January 2023 at a rural property in Polk County. Additional evidence was collected related to the robbery. Ultimately investigators presented the case to a Yamhill County Grand Jury, which resulted in indictments for two subjects. Arrest warrants were issued for Corey Dean Elliott, age 29 from Sheridan, and Michael Allen Lee, age 38 from McMinnville, on the charges of Robbery 1st Degree, Unlawful Use of a Weapon, and Theft 1st Degree. Both Elliott and Lee are currently in custody in the Yamhill County Correctional Facility.

I hope everyone is enjoying the beautiful daffodils. They popped up everywhere this year. The tulips try hard to match them for beauty, but the deer seem to like them for a midnight snack. So they are very pretty until then. At least, that's what's happening in our neighborhood. Meanwhile, the trees are starting to put on quite a show. Some in town are in full bloom, and others are just getting started. Pretty soon, the town will be full of pink or white trees. It's such a pretty season. Then when the wind blows, we'll have a city of soft white or pink "snow"...or that's what it will seem like. Enjoying the coming of Spring is "What's Up in Willamina."

Obituaries

Jack Dean Ashworth March 22, 1948 - March 28, 2023

Jack Dean Ashworth and his wife, Barbara, have been long-time Sheridan residents.

Jack worked as a Sheridan police officer from 1983 until the Yamhill County Sheriff's Office took over the contracted services. Jack retired from YCSO in 2000.

After retirement, he became a private detective in McMinnville and later opened a process service office.

While Jack was working as a police officer, he held classes at the grade school about drug use and how to say no. He and the chief at the time, Joe Miller, also had bike safety classes for kids before each school year.

Jack loved to work with children and was a coach for little-league baseball and the pony leagues for teens. In addition, he enjoyed refereeing basketball games and umping baseball.

Jack's death has caused a void in his family and friends who loved him.

He was preceded in death by his daughter, Stacey Bowser.

Jack is survived by his wife of 43 years, Barbara Ashworth; sons, Todd Ashworth, Sheridan, and Michael Ashworth, Albany; and daughter Shana Schmitz, Prineville.

A celebration of life will be held at 2 p.m. on Saturday, April 29, at the Calvary Chapel, 121 NE Yamhill Street, in Sheridan.

A note from his loving wife, Barbara:

God has taken the love of my life. I feel like half the person I was. We were together for 44 years. He was my love, best friend, life's meaning, and rock. I don't know what to do without him by my side. I cannot fathom my life without him. Jack Ashworth, I will love you forever.

Custom 1964 Chevy Hauler, owned by Lonnie and Jo Thompson. This attractive, eye-catching pick-up with a short step side bed is powered by a 468 cubic inch engine with an RV cam and four barrel 750 double pumper carb. It is coupled to a 700R automatic transmission with a ratchet shifter. The power is then passed through to the rear end, running 4:11 gears, and finally to the ground with Enkei wheels and Cooper Cobra tires. Inside you will find custom Dolphin after-market gauges and lovely custom tweed upholstery. Using this beauty to haul anything in it that could damage the body and the great blue paint job would be a sin. (Thank you, Gary Meyer, for the information and picture.)

Celebrations of Life

WILLAMINA CITY MANAGER'S REPORT

FROM THE DESK OF CITY MANAGER BRIDGET MENELEY

Several years ago, David Hampton brought the idea of a pump track to the City Administration and paid for the design through the American Ramp Company.

David Hampton and the Hampton Family will also donate all of the pump track's wood components.

The pump track will be built at Oaken Hills Memorial Park near 3rd Street in Willamina.

The bike track uses banked turns, berms, rollers, and dips that are intended to keep the bike moving without pedaling but using your entire body to "pump" your way through the track.

Public Works Director Jeff is in the process of constructing the restroom, which will consist of two single-use sides. He will also be assisting with the remainder of the Pump Track Construction.

An invitation to bid (ITB) process is generally required in order to award public improvement contracts under Oregon law (ORS 279C.300 – 279C.325), while a request for proposal ("RFP") may be required for architectural and design-related services (ORS 279C.110 - 279C.125). The City of Willamina (City) Council approved an exemption for the Oaken Hills Park Pump Track Project from traditional competitive bidding on April 11, 2023, to allow the Design-Build ("DB") alternative contracting method and to appoint this project directly to the American Ramp Company (ARC). American Ramp Company quoted the City (QUO-01107-27X0H4) to perform turnkey design and construction of the pump track project for \$380,506.34. The City intends to award the Contract to American Ramp Company.

The City of Willamina are still seeking Budget Committee members. If you might be interested contact Bridget Meneley, City Manager at MeneleyB@ci.willamina.or.us.

Sheridan High New Scoreboard Installed

Jacob Giddings, a senior at Sheridan High School, completed his senior project of replacing the scoreboard on the school's baseball field. The previous scoreboard was installed in 1995 by Debbie Misner as a tribute to her son Travis Taylor who passed away when he was just 19 years old. Unfortunately, the 28-year-old scoreboard was no longer functioning correctly. A Sheridan High baseball team catcher, Travis wanted to leave the future classes with a beautiful new, well-functioning scoreboard.

All seniors are required to have a project for graduation. Some chose to do blood drives, and others did bottle drives for the library or other places. Some are doing volunteer work for elderly homes. The variety of projects is wide among the senior class. When asked, what gave you the idea of doing the scoreboard? Jacob answered, "Well, the big one was half of our lights don't work on our scoreboard. The power has been iffy on it, and it's old and fading. It's been talked about for a few years, but no one's ever done it." When asked how he set out to accomplish his goal? He replied, "First,

I talked to my mother, who has been the major driving force for this, then confirmed it with Mr. Hohnbaum, the principal, and Mr. Rorrer, our baseball coach. I asked for people's opinions and asked what they wanted before we got it ordered. And then started fundraising as much as we could. We went about fundraising by sending letters to all the local businesses around the area, and then we also set up a go-fund-me page."

Jacob met his goal with the support of many local businesses and funds raised online. The old scoreboard was removed with the help of Rotary International members, and the new scoreboard was delivered in mid-March. Rotary members assembled the new board and waited for slightly drier weather to start the installation. On Thursday, April 13, the day finally arrived. The scoreboard was installed with Mark Pauletto, owner of My Hauler With Claw and a member of Rotary, as well as Collin Gyenes, President of Rotary International. There is still a dedication piece to be installed, and a dedication ceremony will be held at a later date TBD.

John Stanislaw (pictured above right), owner of Air Safety NW and member of Sheridan's Rotary Club and Chamber of Commerce, worked with Mark Pauletto (pictured above left), who owns My Hauler with Claw and is also a member of Sheridan's Rotary and Chamber. John and Mark worked with Jacob and other volunteers to erect the scoreboard. Colin Gyenes (picture below right), president of Rotary and member of Sheridan's Chamber, and Mark Pauletto during the installation on Thursday.

Sheridan's baseball team helped install the new scoreboard last Thursday. Jacob Giddings, pictured with a huge smile fourth from left, raised funds for the scoreboard as his senior project. With community and other organizations donations of money and labor, Jacob was able to complete this project.

A Message from the Sheridan Superintendent

Sheridan Families,

The District has partnered with the City of Sheridan for a special grant through the Oregon Department of Transportation (ODOT). The Safe Routes to School (SRTS) program creates safe, convenient, and fun opportunities for children to walk, bike, and roll to and from school. We want our children to use active transportation, in a safe manner.

On Thursday, April 6, a team from Alta Planning & Design (contracted by ODOT), worked with the District and the City of Sheridan to conduct a review of the safety issues surrounding our dismissal time. Here is a summary of our observations:

- Students walking from FCS mainly use Jefferson Street down to Bridge street.
- The parent pick-up area at FCS is very congested with parked cars, cars waiting, and cars moving.
- Cars for student pick-up and buses meet at a five-way stop on Cornwall and SW 3rd Street.
- The majority of SHS students, walking away from school, head north on Bridge Street.
- Visibility is an issue driving out of the SHS parking lot when exiting by the district office.
- Students at the intersection of Main and Bridge Streets used the crosswalk signal.
- Drivers leaving FCS and turning onto Bridge Street from Jefferson were observed running the stop sign.
- We do not have a clear enough school zone on Bridge Street in front of the high school.

This information will be used to apply for a construction grant, which will help fund the recommended changes.

As many people are aware, FCS has a very challenging dismissal situation. The five-way stop, parents picking up students, several buses, and students walking, all in a short amount of time. On the rainy day of our review, lots of cars were backed up, waiting for student pick-up. Our plan is to use the report from Alta and begin to make changes at FCS to how students walk into the neighborhood, ride the bus, or are picked up by parents.

SHS is not as complicated, but there are ways we can improve the dismissal and arrival of high school students. We need drivers to slow down during school hours, watch for pedestrians at the crosswalks, and be cautious in our high school parking lot.

We greatly appreciate the City of Sheridan working with us on the Safe Routes to School program!

Dorie Vickery Ed. D,
Superintendent
Sheridan School District
School District Office: 971-261-6959
Sheridan High School: 971-261-6970
Faulconer Chapman School: 971-261-6960

Sheridan Litter Pick-Up Day Set April 22

The Sheridan Revitalization Movement and Sheridan Rotary Club has scheduled the spring clean-up from 10 a.m.-noon on Saturday, April 22, at Sheridan High School's parking lot.

This year's clean-up falls on Earth Day. All ages can participate in the clean-up. Supplies, including trash bags, grabbers, and gloves, will be provided. Volunteers will check in at the tables in front of the high school. Each group will be assigned an area of town to clean. Sheridan's Rotary Club will provide hot food and drinks for volunteers.

Art Conspiracy Sets Summer Art Dates

The Art Conspiracy has announced that Summer Arts '23 will be held at Sheridan High School June 20-30, with the final performances and exhibits on the evening of June 30. It will be the 22nd year of the program. A full slate of teachers has been lined up. The class list with instructors the students will have to choose from will soon be made public. The catalog with more information and registration forms will be available the first week in May.

Fun and educational ways to celebrate

Saturday April 22, 2023

Earth Day is an annual holiday that has been celebrated since 1970. Despite somewhat humble beginnings, much of the globe now celebrates Earth Day, which this year takes place on Saturday, April 22.

Earth Day has long drawn attention to issues affecting the planet and its climate. The effects of those issues have grown increasingly noticeable in recent years, which makes this Earth Day and all subsequent celebrations an ideal opportunity to celebrate the planet while learning about the many challenges it faces in the years to come. The following are some unique, fun and educational ways to celebrate the planet this April.

Leave the car at home. Winter weather is a distant memory by late April in many places, making Earth Day an ideal time to travel by foot or by bicycle instead of by car. That's not only fun, but also a great opportunity to learn about carbon emissions. The United States Environmental Protection Agency reports that a typical passenger vehicle emits about 4.6 metric tons of carbon dioxide each year. Vehicles also emit a substantial amount of methane and nitrous oxide. This is why gas-powered vehicles are so often linked to climate change, much of which is driven by greenhouse gas emissions. A car-free Earth Day can be fun and serve as a catalyst for conversation about the effects of gas-powered vehicles on the health of the planet.

Volunteer with a local environmental organization. Environmental organizations are committed to the ideals behind Earth Day all year long. However, each Earth Day many of these organizations sponsor eco-conscious efforts to help

the planet and raise awareness about issues like climate change. Volunteering with a local beach or park cleanup or signing up to walk and raise money for a local environmental charity makes for a fun and educational way to spend your Earth Day.

Get your hands dirty and plant. The National Forest Foundation notes that planting trees can have a profound and positive impact on the planet. According to the NFF, planting more trees helps forests to sequester carbon, which can have a significant effect on climate change. The NFF estimates that 100 mature trees can remove 50 metric tons of carbon dioxide equivalent and 430 pounds of pollution from the atmosphere. Even if you can't work with a local forestry organization to plant more trees in a nearby forest, planting native trees on your own property can help combat climate change.

Involve children in your efforts to combat climate change. Today's adults likely won't be the ones forced to confront the more challenging consequences of climate change. Unfortunately, that cost is likely to be passed on to future generations. That makes this Earth Day a great time to involve kids more directly in efforts to combat climate change. Explain the significance of avoiding the car, volunteering or planting trees in terms that kids can understand, emphasizing that the future of the planet could very well be in their hands.

Earth Day takes on greater significance each year as the effects of climate change become more noticeable. This year the holiday can be celebrated in various ways that are both enjoyable and educational.

Letter From Governor Barbara Roberts

All across the state of Oregon residents are considering their votes on levies and bonds for their local schools. Their decisions have important impacts.

Today, as a long ago graduate of Sheridan High, Class of 1955, I want to encourage you to support the important school bond that will appear on your Sheridan May 16th ballot. This is no small matter in terms of dollars or needs.

Your local community members have worked for nearly five years to build this Long-Range Facility plan for Sheridan High School and Faulconer-Chapman School. The passage of this \$16 million School Bond will increase safety and security in Sheridan's school buildings. Classrooms will be improved from science to music, from gyms to woodshop and welding. These improvements are seriously needed for more successful educational outcomes and for shared school access for the local community.

I attended Sheridan High School almost 70 years ago that still exists today. New gyms that were built then are ready for replacement today.

Sheridan Schools are educating tomorrow's business owners, our home builders, mechanics, technicians, and parents. The bond on your May 16th ballot is the opportunity to help build and expand tomorrow's Sheridan Community.

I am proud to be a Sheridan High School alum. I received a solid education here. Today's students need that some opportunity. Please vote "yes" on the Bonds for Sheridan Schools!

Fondly,
Governor Barbara Roberts
SHS Graduating Class, 1955

Opioid Disorder Help Available Weekdays

Great Circle Recovery offers support for opioid use disorder from 9-11 a.m., Monday-Friday, at the upper Health and Wellness parking lot, 9615 Grand Ronde Road in Grand Ronde.

The local mobile medication unit offers support for opioid use, resources, and information for all. For more information, call Great Circle Recovery at 503-983-9900.

Sheridan Man Completed Half Marathon

Ron Reid Ron Reid, age 76, of Sheridan, completed the half marathon (13.1 miles) at the Shamrock run in Portland on a cool and rainy day. Done on March 12, the course featured numerous hills, including the run up Terwilliger Blvd. Reid broke 3 hours at 2:54:09.

Ron has been running marathons since his first in 1981 when he completed the Portland marathon. He ran that marathon

every year for several years. His longest run was a 50-mile run in Portland, which took him over eight hours to complete.

In 1990 he completed the Boston Marathon and has run many marathons in California and Washington.

When asked how he fared running at his age he said, "As long as I keep going, I'm good, I've slowed down throughout the years, but I still enjoy it."

 Head over to the American Legion for a BBQ Tri-Tip Dinner at 5:00 PM
 Proceeds to benefit Juliette's House

Dinner Is All Rolled Up In Minutes

When the weather starts to warm, people are inspired to once again venture outdoors and spend more time away from home. People can benefit from having quick and easy dinner recipes at the ready so that hours are not spent in the kitchen after a day of fun in the fresh air.

With mere minutes of preparation and about 15 minutes cooking time, this recipe for "Chicken, ham, and Swiss roulades." Will quickly become a family favorite.

Chicken, ham, and Swiss roulades.

Serves 4

8 small chicken cutlets (about 1 1/2 pounds total)

8 thin slices cooked ham

8 thin slices Swiss cheese

4 tablespoons olive oil

6 cups mixed greens

1 cup grape tomatoes, halved

1 tablespoon white wine vinegar

1/4 cup whole-grain mustard

Heat oven to 400 F. Season the chicken with 1/2 teaspoon salt and 1/4 teaspoon pepper. Roll up each cutlet with 1 slice of the ham and 1 slice of the Swiss

cheese. Skewer the roulades closed with toothpicks.

Heat 2 tablespoons of the oil in a large ovenproof skillet over medium-high heat. Add the roulades and cook, turning occasionally, until golden brown, 4 to 6 minutes. Transfer the skillet to an oven and roast the roulades until cooked through, 8 to 10 minutes.

Meanwhile, in a large bowl, toss the greens and tomatoes with the vinegar, the remaining 2 tablespoons of oil, and 1/4 teaspoon each salt and pepper. Serve with the roulades and mustard.

Picture Your Beautiful Mom in the Mother's Day Issue of The West Valley Bulletin Board

Email us a photo of your Mom. Please include her name and yours. Her photo will appear in the May 10 issue.

Cost: FREE • Deadline: Friday, May 5, at 6 p.m.

Breakfast sponsored by

City Of Sheridan

Bring your business card to drop in the box for a chance to win a fun prize!

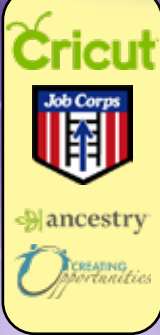

Public Works Director Kie Cottam took his turn at story time on Friday, April 14.

National Library Week April 23

Libraries are full of stories in various formats, from picture books to large print, audiobooks to e-books, and more. But there's so much more to the story. Library programming brings communities together for entertainment, education, and connection through book clubs, story times, movie nights, crafting classes, and lectures. Library infrastructure advances communities, providing internet and technology access, literacy skills, and support for businesses, job seekers, and entrepreneurs. The libraries here in the West Valley offer services above and beyond lending books. They are warming and cooling centers and internet access points. They provide supplies (as they have them available) to the needy and unsheltered, have classes, clubs, and children's story time, and are always available to listen to community members. Supporting your local library is

a great way to support the community. The Sheridan Libraries' newest staff members sat down for "get to know you" interviews. Natalie Garfias is in charge of children's programming. She started her position at Sheridan Library in September 2022. Natalie grew up in Sheridan, graduating in 2009 from S.H.S. She is a mother of two boys, Alec, age 7, and Benjamin, age 4. Natalie struggled with reading as a child because of a combination of medical issues and dyslexia. Around age 12, she could read comfortably with the help of medical treatment, teachers, and a strong will. She started reading constantly. She said, "Reading helped my confidence. It even helped me get over stage fright." She has been "devouring" books ever since. Her love of reading inspired her to be a librarian, and when she saw that Sheridan had an open-

ing, she couldn't believe it. She said, "I grew up in this library. I love it here."

She is enthusiastic about her position. The library plans to expand children's programming by adding more S.T.E.M. (science, technology, engineering, and math) programs and teen programs. When asked what she would like the community to know, she said, "I'm open to suggestions. Anyone can give suggestions as to how the library can better serve the community."

Brooke George is in charge of adult programming. She started her position in February 2023. Brooke grew up in Oregon but moved to Texas, where she finished high school. She moved back home after high school and attended Western Oregon University. She graduated with a Bachelor of Science in Interdisciplinary Studies, majoring in Forensic Anthropology. Her favor-

ite author is Kathy Reichs, who writes about forensic anthropology and whose books inspired the tv series Bones.

She and her husband, Cale, moved to Sheridan because that is where he grew up. They have an eight-month-old daughter, Reya.

She fell in love with the community, and the library perfectly fit her passion for books.

Part of the current adult programming is reading 100 banned books. These books were banned at various times in history from multiple places. The books are available at the library in standard print, large print, and audiobooks if available.

When asked what she would like the community to know about the library, she said, "We have a lot to offer, such as resume-building workshops and D.I.Y. workshops, and we are planning to add more programs."

The newest additions to the Sheridan Library staff. Natalie Garfias (left), Brooke George (right), holding a couple of their favorite books.

City staff Deycia Gibby read to kids at story time. Deycia read "What if Everbody Said That?" to the group.

Horoscopes April 19-25

ARIES - Mar 21/Apr 20

Aries, your emotions may cloud your judgement in the days to come. It's better to seek the advice of a third party who can guide you without the added drama.

TAURUS - Apr 21/May 21

Messages from the universe could come across as confusing or vague, Taurus. You might need someone with cosmic intuition to help you sort out what is going on.

GEMINI - May 22/June 21

A stagnant energy has been surrounding you lately, Gemini. Fortunately, you are able to brush that away soon enough and feel rejuvenated.

CANCER - Jun 22/Jul 22

Cancer, if you haven't devoted enough time lately to taking care of yourself you might awaken this week with a foggy head. Take care of yourself.

LEO - Jul 23/Aug 23

Responsibilities could have you feeling overburdened, Leo. The trick is to ask others to lighten your load. There are bound to be several volunteers willing to lend a hand.

VIRGO - Aug 24/Sept 22

Virgo, try not to compare yourself to others this week. Everyone is unique, with his or her own strengths and weaknesses. An unfair comparison could dampen your spirits.

LIBRA - Sept 23/Oct 23

You might find it challenging to articulate your feelings to a romantic partner, Libra. If you stumble over saying the words, why not write them down, instead?

SCORPIO - Oct 24/Nov 22

Sometimes your pragmatic side gets into a tussle with your optimism, Scorpio. Being a realist doesn't have to mean you give up hope. There are many things that can go your way.

SAGITTARIUS - Nov 23/Dec 21

Sagittarius, while you may feel like sleeping the week away, awaken to the possibilities before you. Numerous opportunities await, so answer the door when they knock.

CAPRICORN - Dec 22/Jan 20

It is alright to feel uncertain about what the heart wants, Capricorn. Not everyone has things all figured out. Ponder your likes and dislikes to determine your path.

AQUARIUS - Jan 21/Feb 18

Aquarius, messy work and small mistakes can sabotage all of your hard work thus far. Buckle down and focus on the details. Have someone check that everything is perfect.

PISCES - Feb 19/Mar 20

People around you may be more temperamental than usual, Pisces. Avoid offering any unsolicited advice until things quiet down.

Non-profits Benefit From Can and Bottle Donations

Oregon Bottledrop is increasing revenue for non-profits until Earth Day, April 22.

Bottledrop will give a 20% match and a chance to win \$1000 for non-profits.

So now is a great time to donate your cans and bottles to your favorite non-profit.

West Valley Schools Take 13 Firsts at Meet in Sheridan

Herb Swett

West Valley schools totaled 13 first places Thursday, April 13, at a track and field meet in Sheridan.

Coming in first twice individually were Delphian's Zahar Rotman in the 100-meter and 200-meter runs, Delphian's Portia Binford in the 100-meter run and 300-meter hurdles, and Willamina's Hallee Hughes in the discus and the javelin.

Binford was also part of the 4x100 relay team that took first. Other West Valley athletes placing first were:

Boys: Sage Daniells, Sheridan, 100 meters; Jose Cruz, Willamina, 1500 meters; Samuel Cloutier, Delphian, 3000 meters; Delphian, 4x100 relay; Cohen Haller, Willamina, high jump; and Pedro Anthony Nambo, Sheridan, long jump.

Girls: Allahta Parsons, Delphian, 100 meters; Zoe Kennedy, Sheridan, 3000 meters; Delphian, 4x100 relay.

Other schools in the meet were Dayton, Perrydale and Jefferson. In team standings, Dayton boys and girls placed first.

Following are West Valley school results for first through middle rankings.

Boys

100-meter run

1. Zahar Rotman, D, 11.79
2. Jayden O'Reilly, S, 12.17
3. Pedro Anthony Nambo, S, 12.28
4. Alex O'Reilly, S, 12.46
5. Emiliano Chaparro, D, 12.51
6. Asher Maxwell, S, 12.53
7. Dylan Graham, W, 12.63
8. Juan Navarro, S, 12.69

200-meter run

1. Zahar Rotman, D, 24.23
2. Jack Kennedy, D, 25.04
3. Juan Navarro, S, 25.59

400-meter run

1. Sage Daniells, S, 57.15
2. Jayden O'Reilly, S, 1:01.56
3. Alex O'Reilly, S, 1:01.56

800-meter run

2. London Whitworth, D, 2:12.73

1500-meter run

1. Jose Cruz, W, 4:26.7
2. London Whitworth, D, 4:33.99

3. Samuel Cloutier D, 4:47.58

3000-meter run

1. Samuel Cloutier, D, 10:33.17
2. Zachery Davuin, S, 11:45.95

300-meter hurdles

2. Seth Barnes, S, 54.9

4x100 relay

Willamina Runs Softball Record to 11-1

Willamina's softball team added to its winning record last week and is now 11-1 for the season.

The Lady Bulldogs went to Clatskanie on April 12 and won 6-2. On Friday, they whipped Vernonia 15-0. Saturday, they played a home doubleheader with a combined Faith Bible and Life Christian team, winning 9-0 and 16-1. Sheridan's softball team, despite an early season four-game winning streak, has fallen to 4-7. The Lady Spartans lost to Jefferson 10-0 there Thursday, to Santiam Christian 14-3 at home Friday and lost to Taft 16-1 Monday.

Both West Valley baseball teams have had an even rougher time. After two rainouts, Sheridan lost to Amity 16-5 at home Thursday and to Santiam Christian 17-1 at home Friday. The Spartans went to Taft on Monday and were beaten 11-1. Their record at press time was 1-10.

Willamina is 1-11 in baseball at this writing. The Bulldogs visited a combined Country Christian and North Clackamas Christian team April 12 and lost 17-7. Playing a home doubleheader against the same team Friday. They were clobbered 20-0 and 11-0.

Rotary Club Buys Play Ground Slide

A great smile of satisfaction and pleasure will appear on the faces of the kiddies of the city they learn that Sheridan Rotary Club, as one of their public service items, have purchased a steel slide which will be installed in the city park within a short time. The equipment was ordered from a Silverton firm and will be shipped and installed immediately.

The new slide, the first play unit to be installed for the pleasure and safety of children, is eight feet high and eighteen feet long and is provided with all the safety guards to make its use accident proof. It will be installed on concrete foundations so that it will be safe and permanent. It will be placed under the trees in the park to provide a safe place for the little tots play that will keep them off the streets during the times school is not in session.

The Rotarians are planning other units and other conveniences for the park during the summer, and hope other organizations will join in the plan to the end that the city park will be more attractive. The Club will hold dedicatory services for the equipment on its installation and a program for that occasion is being worked out.

Sheridan Boys at Trade School

Through the efforts of the Sheridan Rotary Club, Chester Alley has entered the welding school at Eugene and reports back that he is well pleased with the set-up and is getting along nicely. He has been there about two weeks.

Last week Dallas Spencer, Edgar Hyder and David Cameron were placed in Chemawa school at Salem where they are "majoring" in aviation sheet metals. Spencer and Hyder were home over the weekend and are much pleased with the school and the work.

The boys are given four hours supervised work in the shops, four hours work about the campus, or building, their board and room and \$10 cash. They are under the supervision of trained mechanics and when they complete the work they are offered an opening in factories under the reference plan. There are openings available and any boy who has a high school education and is interested can get full information from L. M. Kaufman, who is in charge of that work for the local Rotary Club.

Tips to Gardeners New Sweet Peas

A new, more vigorous, longer blooming, heat-resistance sweet pea family has been introduced to the gardening world. It is the spring flowering sweet pea.

Because of their newness, spring flowering sweet peas are as yet available in only seven colors.

The All-American prize-winners were introduced last year: Rose pink, blue and lavender. The new ones this year are white, clear pink, light lavender and mauve.

The new sweet peas are grown just like other types now in general use. They may be planted outdoors as soon as the soil can be worked. For best results the soil should be spaded to a depth of 18 inches, and the lower 12 inches mixed with fertilizer, preferably well-rotted manure. The trench should then be filled with the soil-fertilizer mixture to within six inches of the top, and the seed planted one inch deep in this shallow trench.

After vines are well established they should be watered thoroughly once every five to seven days, and the flowers picked regularly.

ASK ME ANOTHER ?

A Quiz With Answers Offering Information on Various Subjects

1. How far back has the existence of cheese been traced?
To the year 2000 B.C.

2. What animal in the kingdom has the largest brain in proportion to its size?

The ant.

3. Who is known as the father and liberator of six countries?

Bolivar (known as the father and liberator of Panama, Peru, Columbia, Venezuela, Ecuador and Bolivia.

4. What two major religions absolutely forbid the use of wine or other intoxicating liquors?

Mohammedanism and Buddhism, whose adherents constitute one-fourth of the human race.

5. What language was spoken to Jesus?

Aramaic

6. What is the Quirinal in Rome?

The royal palace (also the name of the hill upon which the palace is situated.)

7. How old is the Dominion of Canada?

In 1763 the Treaty of Paris ceded French Canada to England; on July 1, 1867 the British North America Act created the Dominion of Canada.

8. A person having strabismus is afflicted with what?

Crossed eyes or walleyes.

9. The recent presidential inauguration was the 45th, yet only 152 years have passed since the first in 1789. Inaugurations occurring every four years, why is it the 45th instead of the 38th?

The inaugurations of vice presidents succeeding to the presidency are included.

10. Will a warm, dry wind evaporate more moisture than the heat of the sun?

A dry, warm wind will not only evaporate more moisture from the surface of a lake than the heat of the sun, but it will also melt snow many times faster than the hottest sunshine.

Baby Ducks Very Entertaining

More interest than usual is being shown at Sheridan's flock of wild ducks since last Friday when the first brood of fluffy little ones took their first swim under the bridge. They are a source of delight especially to the children, who see that Mother Mallard and her family are well fed. There are about 30 other hens setting and soon the river will be swarming with the young, which usually hatch rather close together.

NOTICE TO LOG HAULERS

All log-haulers are hereby notified that hauling logs on Yamhill County roads without a permit from the County Court is illegal and will be prosecuted subject to all of the laws of the State of Oregon as provided.
