## Kiwanis Club and Sheridan Rotary Club are Keeping Kids in Helmets

Protecting children by ensuring they have correctly fitted bike helmets has been a West Valley Kiwanis Club project for more than two decades. In 2022 the club distributed 260 bike helmets at Trunk or Treat and

Bridge the Gap events. A supply is also kept at Willamina Public Library and available year-round. Twenty years ago, the Kiwanis Club partnered with school resource officers to keep a supply of bike helmets available for dis-

tribution and attended bike rodeos to ensure every child who participated had a correctly fitted helmet. In recent years club members have participated in Back to School, Hometown Days, Bridge the Gap, and Trunk or Treat to hand out helmets. When Kiwanis members recently learned of a need for helmets for kids in Sheridan, they donated 33 for Yamhill County Sheriff Deputies to give away.
The motto of Kiwanis International is "Serving the children of the world." Keeping children safe is a priority for many clubs, and bike helmets are a common
club project. To ensure the local need is met, the West Valley Kiwanis Club includes funding in its annual budget to purchase helmets.
Every month members of Sheridan Rotary Club choose a fundraiser. In March, Officer Walters saw a need for keeping helmets in his patrol vehicle. He said he wanted to give helmets, not tickets. So he spoke to the Rotary members, who decided to make that their cause in March. They donated $\$ 1200$ to purchase 200 helmets that were given to local police and fire on Wednesday, April 19.

Thank you, Coyote Joe's, for allowing the Chamber to use your lot.
It all started Thursday. They began hauling all the pre-ordered loads. Then, lots of them went trucking by.
Then on Friday and Saturday, several Chamber volunteers were on hand to keep the folks lined up and ready to go. There were pickups, and there were dump trucks. There were cars pulling trailers, too-there are multiple ways to get that bark dust to your home. Everyone was very friendly and pleased with the service and the price. Willamina is always good to the people who support the effort to help the city by buying the bark dust and applying it to their yards to beautify the area.

## City of Sheridan to support Sheridan's local businesses whenever possible

The Sheridan City Council agreed that local businesses play a central role in making communities healthy. The Council agreed that the City of Sheridan should promote, support, and update a City policy already in place to patronize local businesses for goods and services whenever possible.
For Sheridan retail businesses to qualify, their prices may be at most 15 percent higher than comparable quality goods and ser vices offered in nearby cities, such as McMinnville or Dallas.
When products the City purchases regularly are not currently available locally, a City representative will speak to the appro priate business owner about the possibility of adding these items to their inventory. Ordering materials for more extensive projects should be discussed with local business owners before turning to outside sources. This could apply to everything from office supplies, printed materials, paper towels, auto parts, work gloves, electrical, fencing, or construction supplies.
For Sheridan service businesses to qualify, their rates must be comparable to those in nearby communities. In addition, the City would require references to ensure these businesses will provide quality work in a timely manner. Substantiated claims of poor workmanship, dishonesty, or failure to complete projects within stated deadlines would be grounds for disqualification of a local service provider.
We know that larger city chain stores can order in bulk and of fer many products for less than the same item in Sheridan. But when we consider the value of an employee's time and the cost of gas for the round-trip to McMinnville the item may not be the better deal.
When retail and service rates are in excess of the acceptable range set out by the Council, and the business is unwilling or unable to adjust its rates or prices, the City would be welcome to seek materials or services from sources outside Sheridan. Sheridan's prices are not always higher. So we could be missing some good deals when we take our business elsewhere. Sheridan businesses are invited to send me an email (mthom son@cityofsheridanor.com) with their business offerings and a price list to ensure City staff is aware of goods and services they provide.
Sheridan business owners and managers continuously help with events important to Sheridan. Many contribute to multiple kid's sports teams, the food bank, etc. Local businesses participate in Sheridan Chamber, Rotary, Parks and Recreation, Sheridan Revitalization, City Council, Planning Commission, and other es sential groups that add to the quality of life in Sheridan. Local business owners continuously contribute cash, goods, time, and equipment for countless Sheridan events and projects.
The rewards of supporting community businesses are many. It would demonstrate the Council's and the City of Sheridan's ap preciation of our current businesses; it could help move Sheridan a step forward in its efforts to revitalize downtown; and possibly nudge potential business ventures to take a chance on Sheridan. I would also be willing to discuss this policy with all interested Sheridan businesses: Marianne Thomson: mthomson@cityofsheridanor.com

## Take a Dip in a Tasty and Healthy Treat

Diet and health go hand in hand. Perhaps that's why there's a growing interest in foods that are purportedly curative. Some people even choose foods in the hopes that they can help to reduce symptoms of allergies and inflammation.
As concerns about cognitive decline and diseases that attack the brain and memory grow, some people are seeking critical nutrients that can reduce their risk for Alzheimer's disease and other dementias. While there's no quick fix, consuming a wide variety of fresh, nutritiously diverse and not overly processed ingredients, like those found in this recipe for "Garden Vegetable Hummus" from "The Brain Boosting Diet" (Whitecap) by Norene Gilletz and Edward Wein, Ph.D. Garden Vegetable Hummus Makes 2 1/2 cups
1 19-ounce can chickpeas, drained and rinsed (preferably no-salt added)
3 to 4 cloves garlic
$1 / 2$ green bell pepper, cut into chunks
$1 / 2$ red bell pepper, cut into chunks
4 green onions (or 1 medium onion, cut into chunks)
1/4 cup chopped fresh basil or Italian parsley
2 tablespoons extra virgin olive oil
2 tablespoons lemon juice (preferably fresh)
2 to 3 tablespoons tahini

Salt and freshly ground black pepper
Chopped fresh parsley for garnish 1. Combine all ingredients except parsley in a food processor fitted with the steel blade. Process with quick on/offs to start, then let the motor run until the mixture is very smooth, about 2 min utes, scraping down the sides of the bowl as needed.
2. Transfer the hummus to a serving bowl and sprinkle with parsley. Cover and chill for 1 to 2 hours before serving. (Hummus will thicken when refrigerated.)
Note: The tahini in the hummus is a very nutrient-dense ingredient because it has a very low moisture content. It is an excellent source of mono- and polyunsaturated fats, which are good fats, as well as an excellent source of protein, magnesium, zinc, manganese fiber, and potassium. Chickpeas are legumes that are also high in protein and fiber.

## Shop Local, Community Development Grants, Sheridan Road, all Disccused at Council

In the last city council meeting, held Monday, April 24, Mayor Marianne Thomson discussed the council's shop-local initiative. You can read more about this new initiative in this week's West Valley Bulletin in Messages from the Mayor.
Moving down the agenda, the Public Works Director, Kie Cottam, spoke about the water meter installation. Kie stated the project is now sitting about at about $40 \%$ completion. He also discussed paving and striping on Sheridan Rd and that they are progressing well.
On another note, Kie said, "Please don't spray the ground with paint. It is against the law." In his report on parks, he also included that if the weather co-
operates, they will excavate ten horseshoe pits soon.
The council was presented with five community grant applications to review and hear from. Each quarter the City can award up to $\$ 2,500$ in community grant funds, topping out at $\$ 500$ each, for organizations that have applied and shown a need.
Applicants for this quarter were Air Safety NW, requesting \$400 to increase their ability to provide more Narcan training in the community. Their goal is to have at least 100 members of the community trained in using Narcan. The Sheridan Chamber of Commerce requested a $\$ 500$ grant to help fund the upcoming live auction event. The fundraiser will use the proceeds to give
back to the community through economic development tools. Rotary International requested $\$ 500$ to help pay for movies shown for free to anyone in the community. Rotary works to provide these movies to offer safe family fun at no cost so that everyone can participate. The American Legion Hall was requested \$500 toward their project of upgrading the electrical system in the building, and finally, Homeward Bound asked grant of \$500 to help with operating costs.
The council approved all five requests for $\$ 2,400$ this quarter. Information on these grants can be obtained at City Hall or its website.
The council moved into discus-
sions regarding their meeting with the Church of the Park, which is diligently working on homelessness and resources. The City of Sheridan is currently taking steps to work with them to implement a communication plan to keep progressing. There are many ideas of possible locations, such as resource centers, warming and cooling centers. In addition, they have been working with the prison to help possibly construct shelters. This is an ongoing plan.
Also announced, Councilwoman Lucy Hebert will spearhead a public art group at City Hall at 1 p.m. on Wednesday, May 10.

# MAY DAY ORIGINS AND FUN FACTS 

The first day of May has been observed as a holiday since ancient times. Spring festivals, maypoles, and maying are still common in many places.
Origins of May Day: The Celts of the British Isles believed May 1 to be the most important day of the year when the festival of Beltane was held.
This May Day festival was thought to divide the year in half, between the light and the dark. The symbolic fire was one of the main rituals of the festival, helping to celebrate the return of life and fertility to the world.
When the Romans took over the British Isles, they brought their five-day celebration known as Floralia, devoted to worshiping the goddess of flowers, Flora. Taking place between April 20 and May 2, the rituals of this celebration were eventually combined with Beltane.
May Day Maypole Dance: Another popular tradition of May Day involves the Maypole. While the exact origins of the Maypole remain unknown, the annual traditions surrounding it can be traced back to medieval times, and some are still celebrated today.
Villagers would enter the woods to find a maypole and set up for the day in small towns (or

sometimes permanently in larger cities). The day's festivities involved merriment, as people would dance around the pole clad with colorful streamers and ribbons.
Historians believe the first maypole dance originated as part of a fertility ritual, where the pole symbolized male fertility, and baskets and wreaths symbolized female fertility.
The Maypole never really took root in America, where the Puritans discouraged May Day celebrations. But other forms of celebrations did find their way to the New World.
May Basket Day was celebrated During the 19th and 20th centuries across the country, where baskets were created with flowers, candies, and other treats and hung on the doors of friends, neighbors, and loved ones on May 1.
Fairy Tale: Some believed May Day was the last chance for fairies to travel to the Earth.
Facial Treatments: Tradition dictates that washing one's face in the dew from May Day morning beautifies the skin.
Distress Signals: The international distress signal, "Mayday," has nothing to do with May 1. Instead, it derives from the French venez m'aider, meaning "come help me."

## All Children Deserve Safe ఏnd F凹nctional Learning Environmenis

These pictures are from Sheridan High School and the FCS band room.

- The High School Science classroom needs all new workstations, sinks, lighting, flooring, new plumbing for the gas pipes for Bunsen burners, new equipment, and asbestos removal.
- The High School shop needs updated equipment and upgraded electrical so equipment can be used properly.
- Faulconer Chapman band and choir rooms need complete remodels. The outside doors are rusting away. Frogs and lots of mildew can often be found inside the classroom. It needs carpet removed from years of instrument cleanouts (spit) onto it.
- Bond funds can only be used for structural and equipment upgrades, not for staff or curriculum.
- If the Bond is passed, no funds will be used for the Barbara Roberts Career Technical Center.
