## Call for Bids – Farm Lease

The City of Sheridan is seeking a tenant to Lease approximately 35 acres of agricultural land, comprising three separate parcels: Parcel 1 is tax lot R5633 00900 (tax account number 218918) and totals approximately 17.5 acres; Parcel 2 is tax lot R5627 01491 (tax account number 515401) and totals approximately 10 acres, and Parcel 3 is a portion of tax lot R5635 00600 (tax account number 237924) and totals approximately 8 acres. None of the parcels are irrigated, nor do they have access to a water source or any available water rights for use. The City will give preference to a single tenant interested in leasing all parcels, but interested parties are welcome to submit a bid for only one of the available parcels.

The Sheridan City Council will review the applications, interview the applicants, and award the Lease(s) at a Special Meeting to be held on Monday, November 6, 2023. Individual appointments will be scheduled with each applicant, to occur between 5:30 and 7 PM on Monday, November 6, 2023. Please return your application questionnaire by Monday, November 6, 2023, at 12 PM (Noon) to be considered. FAILURE TO PROVIDE A COMPLETED QUESTIONNAIRE BY THE DEADLINE WILL PREVENT YOUR APPLICATION FROM CONSIDERATION.

Please contact Heidi Bell, City Manager, by email at hbell@cityofsheridanor.com, or call City Hall at 503-843-2347, to set-up an appointment to review the City's needs, do a site visit, or just to ask relevant questions about the property.

# Obituary

## Billie Ralph Hale Jr.

**Dec. 31, 1959 - Oct. 14, 2023**

Billie Ralph Hale Jr. passed peacefully in his home on Oct. 14, 2023, at 63.

He was born on Dec. 31, 1959, in Roseburg, Ore.

Billie was a kind-hearted, generous, loving, and funny individual who touched many lives.

Billie is survived by his mother, Elsie Hale; his wife, Janelle; siblings, Debbie, Brenda, and Steve; and his children, Ike, Jessica, Tarin, Steven, Billy, and Cheyenne. He was also blessed with 11 grandchildren.

Billie was warmly welcomed in Heaven by his father, Billie Hale Sr., his daughter, Kimberly Johnson, and his sister, Jeanne Hale Duchscher.

After a youth filled with shenanigans, the young car enthusiast

proudly served in the U.S. Navy for four years, where he honed his skills and dedication to his country. After his military service, he pursued a career as a welder, showcasing his precision and craftsmanship.

In his free time, Billie enjoyed riding his Harley, finding solace and freedom on the open road. His passion for motorcycles brought him joy and adventure. Billie Ralph Hale Jr. will be dearly missed by his family, friends, and all those who had the pleasure of knowing him. May his kind heart, generosity, love, and humor be cherished and remembered always.

The Legion riders will guide an honorary ride for Billie meeting at 10 a.m. on Sunday, Nov. 12, at our home in McMinnville. The ride will depart at 10:30 a.m. and head to the American Legion in McMinnville, where Billie will be remembered at a gathering from 11 a.m.-4 p.m.

The Honor Guard will arrive shortly after 11 a.m.

Guests are invited to attend anytime to share stories and memories and celebrate the life of Billie. The family feels honored to have you.

Instead of flowers, donations may be made to disabled Veterans.

# A MESSAGE FROM THE WILLAMINA SCHOOL DISTRICT

For nearly two decades K-12 schools have adopted safety measures to mitigate the risk of violence in schools. This includes practicing monthly for events that may happen; sheltering, holds, lockdowns, and active shooter drills.

The Willamina School District has adopted the “i love u guys” Standard Response Protocol as a common practice for our school safety plan.. By standardizing the vocabulary everyone can understand the response and provide for greater predictability through the duration of any incident. The protocol establishes how students and staff will respond to any given scenario. There are five specific actions that can be performed during an incident.

- Hold (code purple): “stay in your room, clear the hallways” this is a protocol to keep hallways clear. This may be used for an incident in the hallway, an emergency maintenance issue, or a medical emergency where responders need clear access to respond to a person or situation. Everyone will remain in place until the hold is lifted.
- Secure (code blue): “get inside, lock outside door” this is used to safeguard students and staff within the building, due to a threat outside of the school. This may be criminal activity in a nearby neighborhood or a dangerous animal on the playground. This may warrant a controlled release at the end of the day with students prohibited from walking home.
- Lock-down (code red): “locks, lights, out of sight” this is used to secure individual rooms and keep students quiet and in place, due to a threat or hazard inside the building. this may be due to an intruder, an angry or violent parent or student, a report of a weapon, or active assailant. This includes locking all securable areas, moving occupants out of the line of sight, and maintaining silence. A lock-down drill is practiced at least twice per year, with law enforcement assistance at least once per year.
- Evacuate (code green): may be followed by a location, this is used to move students and staff from one area to another. An on-site evacuation may occur due to a mechanical failure such as a power outage. An off-site evacuation may be necessary when it is unsafe to be on campus. For example, a bomb threat or gas leak. In the event of an off-site evacuation law enforcement will assist and parents will be sent direction for reunification with students.
- Shelter (code orange): is always followed by a hazard and a safety strategy and is used for group and self-protection, typically this is a weather related emergency. Strategies may include; evacuation, seal the room, drop & cover, or get to high ground.

This information is shared with families every school year. More information can be found at this link. <https://iloveu-guys.org/>

According to the TV...it's Christmas spending time! I think it gets earlier each year. I'm betting that next year it will start at Easter!

Why not save yourself some time and money and shop locally? I say “save time” because getting to McMinnville can take almost forever if the traffic doesn't cooperate, and I say “save money” because of the gas prices. It sure isn't \$2/gallon.

We have a lot of nice shops right here in town. There's Skyberg's. They have things for him and her. There's the Willamina Store, which has bunches of locally made items for everyone in the family. Remember the Thrift Store. Not everything in there is worn out, and 90% of it has a lot of life left in it. Then we have all the food places too. IGA, Odd Fellow's Pizza, Dillon's, Coyote Joe's, Wild Wood, Best Stop (the “Blue Store”) and Center Market (the “Pink Store”). That's just a few of them. If they don't offer gift cards, I'll bet you can get an agreement with them to offer something like a gift card.

If you shop local, you're doing yourself and your town a BIG favor. You're helping your neighbor and friend. Shopping local is “What's Up in Willamina.”

Willamina lost the first set at the state 2A volleyball playoffs Saturday, 18-25, 3-25, 10-25, to Portland Christian there.

Portland Christian Nichole Goodwin had five assists, one serve ace and one block against the second-ranked 2A school in the state. Hadley Hughes had three digs and six kills. Sylvie Berry had four digs.

This was the third straight year the Bulldogs made the state playoffs. Coach Heather Hughes reported that Willamina will lose only one player to graduation and seek to return to the tournament after a rebuilding year.

**History of Time Zones and Daylight Saving Time (DST)**

Before establishing time zones in 1883, there were more than 144 local times in North America. The resulting time differences between adjacent towns and cities were not critical when it took days to travel from place to place. With the proliferation of railroads, faster travel became possible across large geographies, and travelers could sometimes arrive at an earlier local time than they had departed. Due to this lack of time standardization, train scheduling proved challenging to coordinate, resulting in missed connections and collisions. As a result, the major railroad companies began to operate on a coordinated system of four time zones starting in 1883. Because the development of

standardized time was transportation-driven, the government coordination of time zones was handled by transportation agencies. In 1918, the federal organization in charge of railroad regulation — the Interstate Commerce Commission (ICC) — was given the power to address coordination concerns. That year, five time zones were officially adopted as the U.S. entered World War I: the Eastern, Central, Mountain, Pacific, and Alaska zones, which are still used today. However, the need for coordination among all transportation modes became increasingly important after World War II. When the Department of Transportation was created by Congress in 1966, it was assigned “the responsibility of regulating,

fostering, and promoting widespread and uniform adoption and observance of standardized time” within each time zone.

Daylight Saving Time (DST) was enacted as a legal requirement by the Uniform Time Act of 1966. Motivated by transportation improvements, this act mandated standard time within the existing time zones. It established a permanent system of uniform DST, including the dates and times for twice-yearly transitions. While State governments cannot independently change time zones or the length of DST, they can exempt themselves from DST, independent of DOT authority or permission. Nonetheless, DST is observed uniformly across the nation except in American Samoa, Guam, Northern Mariana Islands, Puerto Rico, the Virgin Islands, Hawaii, and most of Arizona.

Today, the Department of Transportation oversees standard time due to its historical and contemporary importance in transportation and associated commercial activity. Time zone boundaries, established by law, can only be changed by the Secretary of Transportation upon a determination that the proposed adjustment serves the “convenience of commerce.” Per DOT policy, a petition requesting such a change must come from the highest political authorities in a State or locality. Several communities have requested changes to their time zone designation over the past two decades, the most recent being Mercer County, North Dakota, in 2010, which chose to switch from Mountain to Central Time. Authorizing these changes and keeping track of the legally designated time zone for each area of the U.S. are key facets of the DOT’s oversight of uniform time observance, time zones, and DST.

# Start the Holiday Season Right By Reading These Fun Books to Children

The holiday season is a special time of year for people of all ages, but children might be the most enthusiastic celebrants. Children spend much of the holiday season anticipating the arrival of the man in the red suit, and that enthusiasm can be contagious.

Families have their own unique traditions during the holiday season, but one popular way to harness kids' enthusiasm between Thanksgiving and Christmas Day is to read them holiday stories. There's no shortage of great holiday books for kids, but here are a handful that kids may remember well into adulthood.

- "The Polar Express," by Chris Van Allsburg: The beloved tale is the story of a young boy who boards a mysterious train bound for the North Pole.

- "The Littlest Elf," by Brandi Dougherty: Part of a series, this story focuses on a tiny elf named Oliver and a series of misadventures as he navigates his way through Santa's workshop.

- "Olive, the Other Reindeer," by Vivian Walsh: Olive is no ordinary reindeer. In fact, Olive is a dog who heads to the North Pole believing she is a reindeer. Her decision to join Santa's team ultimately benefits the big man and his trusty reindeer.

- "The Miracle of the First Poinsettia: A Mexican Christmas Story," by Joanne Oppenheim: A little girl named Juanita is the star of this retelling of a traditional Mexican tale with a valuable lesson.

- "Gingerbread Mouse: A Christmas Holiday Book for Kids," by Katy Bratun: A fallen tree branch almost ruins Christmas for Mouse, whose determination and resourcefulness mixed in with a little Christmas magic ensures she finds a place to call home in time for the holidays.

- "A Night in Santa's Great Big Bag," by Kristin Kladrup: Santa saves the day in this tale starring a young boy's favorite stuffed animal, whose excitement for Christmas compels him to climb into Santa's big bag of presents on Christmas Eve.

- "Santa Claus and the Three Bears," by Maria Modugno: This twist on the popular tale "Goldilocks and the Three Bears" finds three unsuspecting bears encountering a familiar fellow in a red suit upon returning home after a nighttime walk.

- "Twas the Night Before Christmas: Edited by Santa Claus for the Benefit of Children of the 21st Century," by Clement C. Moore: Parents will appreciate this updated version of the popular tale that, among other things, has removed the reference to Santa smoking.

- "How the Grinch Stole Christmas!" by Dr. Seuss: Children can join generations of fans that came before them as they hear the redemption story of the Grinch who was once determined to ruin Christmas for the happy people of Who-ville.

- "The Nutcracker," by the New York City Ballet: The classic story is retold based on famed choreographer George Balanchine's production.

The holiday season is steeped in tradition. Reading new and classic holiday stories to children is one tradition any family can embrace.

Many of these books can be found at your local library in Sheridan, Willamina, and Grand Ronde.

# Sheridan's Odd Fellows Hosts Night of Giving for Local Organizations

Odd Fellows first Night of Giving recipients (left to right): Roger Schaff, Erica Fitzgerald, Rachel Flores, Michelle Skjei, Brandi Pressnell, Amanda Grijalva, Diane Longaker, Judy Adams, and Rubi Ramirez.

## First Night of Giving

Tuesday, Oct. 24, Sheridan's IOOF Lodge No. 87, hosted its first "Night of Giving" honoring nine organizations with dinner, dessert and a donation of \$1,000 each.

Representatives from A.G.I.L.E., Henderson House, Devon's Helping Hand, Grand Sheramina Food Bank, West Valley Cheer, Sheridan Tree of Giving, Oregon Teens and Mustangs, and Juliette's House, accepted the donation and explained the purpose of the organizations.

Patty Fries, treasurer of the Odd Fellows opened the night announcing this is the first annual Night of Giving began the evening Neal Heyano with A.G.I.L.E., which offers Sheridan youth football, boys and girls basketball, volleyball and more.

Diane Longaker gave a presentation for Juliette's House which is a child abuse prevention center serving families in Yamhill County. Michelle Skjei represented her non profit, Devin's Helping Hands, which offers assistance to families grieving the loss of a loved one. Michelle creates care baskets for families who have lost someone which include candles, gift cards, books, and more.

Grand Sheramina Food Bank was presented with a donation that was accepted by Food Bank Manager, Judy Adams. Judy has been with the food bank more than ten years, serving countless families and individuals every week.

Sarah Hillyard with West Valley Cheer leading, another youth program that runs under A.G.I.L.E., has more than 30 children now enrolled. The teams compete in different areas and cheer for the local youth teams.

Sheridan's Tree of Giving was represented by President Rubi Ramirez and board member Liz Hodgins. Tree of Giving serves the children of Sheridan, helping to provide gifts for Christmas. Each year the Tree of Giving helps between 100-200 children, approximately 50-80 families.

Erica Fitzgerald presented on Oregon Teens and Mustangs, a program which helps reduce wild horses throughout the country. Teens are able to train and either adopt the horse at the end or auction it off. Any funds from the auction are given to the youth that trained the horse.

The presentations ended with Rachel Flores with Henderson House, a program which helps victims and families of domestic violence. Henderson House has been serving Yamhill County since it was founded in 1981 by Mary Henderson.

Roger Schaff accepted a donation on behalf of the Grand Ronde Food Bank. *iskam mak'mak-haws*, meaning "house where you get food", is a community space that is open to all.

The event ended with laughter and thankfulness to the Odd Fellows for their generous donations to the community organizations.

Yamhill County residents are invited to join a webinar with fire responders, natural resource partners, and Firewise Community leaders to talk about planning for and responding to wildfires in Yamhill County. From 6-7:30 p.m. on Wednesday, Nov. 8, OSU Forestry and Natural Resources Extension Fire Program, in collaboration with local Firewise communities, Yamhill Rural Fire Protec-

tion District, Yamhill Soil and Water Conservation District, Yamhill County Emergency Management, Oregon Department of Forestry, Oregon State Fire Marshal, and USDA Natural Resources Conservation Service, will deliver an educational wildfire program, as a webinar. This webinar will introduce residents to their Yamhill County-based fire practitioners and natural resource profession-

als who can assist them with fire preparedness activities. Presenters will share the local emergency planning and fire response structure and resources in the county and highlight available resources and assistance to help residents with fire preparedness. This program also features community leaders who worked with neighbors to establish Firewise communities in Yamhill County. Accommodation requests related to a disability should be made by Nov. 2, to Aaron Groth, (503) 434-7517. [aaron.groth@oregonstate.edu](mailto:aaron.groth@oregonstate.edu). This is a free program. Registration can be done online- at <https://beav.es/qiD>.

**Local Housing Task Force**

The City of Sheridan is requesting local businesses, community members, and individuals involved with the community to apply for the Local Housing Task Force.

This task force will be brought together for a once-a-month meeting, on Wednesdays.

The exact Wednesday is to be determined. The City is asking for people with all walks of life to come and be part of this conversation!

For community members, the scoring will be done by Mayor Marianne Thomson and Councilors Liz Hodgins and Cale George. To ensure more equity throughout the scoring process, names and addresses will be removed prior to the scorers viewing your applications.

Once the initial scoring has taken place, the applicants with the highest points will be reviewed by the entire City Council.

Mayor Thomson will make the final appointments.

For local businesses and agencies, the process similar.

The only difference is that your name, entity, and address will not be blacked out prior to scoring.

If you would like to request to see your scores from the scoring group, please contact Heidi Bell at: hbell@cityofsheridanor.com.

You may get an application from our website at www.cityofsheridanor.com or you can grab one at City Hall.

We appreciate each one of you for wanting to dedicate your time to this conversation and assist with solutions.

# Willamina Food Pantry Preparing for Thanksgiving

If you've been to the grocery store lately, you know that food inflation has been high this year. Many of our neighbors here in the West Valley have felt the squeeze on their household budgets as they stretch their food dollars to feed their families healthy and filling food. Since 2019, the Willamina Community Food Pantry has helped local families supplement their budgets with a weekly food distribution of shelf stable canned goods, fresh fruit and vegetables, bread and protein. But as food costs rise, the Pantry has seen increasing demand for food assistance. In 2022, over 9000 people including nearly 3300 children received food from the Pantry, a 26% increase over 2021. In the first 9 months of 2023, the number of people going to the pantry increased another 34% over 2022. With Thanksgiving fast approaching, the Pantry is again planning to provide a special holiday distribution. In 2022, the Pantry distributed 228 boxes and bags of food during Thanksgiving week, and expects to distribute at least 250 boxes in 2023. But they need your help to make that happen. A \$35 contribution supports one Thanksgiving box for a local family. Together we can make sure that all of our neighbors have

a full belly on that special day. You can send a contribution of any amount to PO Box 53, Willamina, OR 97396 or via Venmo to @willaminacivicclub. If you or someone you know needs food assistance, the Willamina Community Food Pantry

is open every Wednesday from 4:00-6:00 pm at 340 B St in Willamina. The Pantry's special Thanksgiving distribution will be Monday, November 20th from 4:00-6:00 pm at the West Valley Community Campus, 266 SE Washington St in Willamina.

## Pair Beer With Food Like a Professional

- **Amber/Red Ale:** Pair a wide range of foods with amber ales, like chicken, seafood, burgers, and spicy cuisine.
- **Porter:** The strong flavor of porter will work well with roasted or smoked food, barbecue, sausages, or blackened fish.
- **Dark Lager, Dunkel, Schwarzbier:** Hearty, spicy foods, barbecue, and roasted meats also complement these dark beers, as do pizzas and burgers.
- **Hefeweizen:** Fans of this light German or Austrian beer will learn it pairs well with salads, seafood, sushi, and traditionally weisswurst, a white Bavarian sausage.
- **Imperial Stout:** This beer can easily overwhelm many foods, but can stand up to foie gras or smoked goose. Long-aged cheeses, like gouda, parmesan or cheddar, also can work with stout, as do rich, chocolate desserts.
- **American Wheat Ale:** Choose this beer to go with very light foods like salads and sushi. It's generally too light for dessert, but might work with fresh fruit. Furthermore, when pairing beer with food, keep in mind that beer with hop bitterness, roasted malt, high carbonation, and higher ABVs balance sweet, rich (fatty) and umami flavors in food. Hop bitterness also can emphasize the spice of foods, such as in chili or certain ethnic cuisines. A sweet or malty beer balances out spiciness or acidity in foods.

Even though pizza, wings and beer is a combination that has appeared on game day food tables seemingly since the dawn of organized sports, the nuances of beer open up the possibility for many other food-beverage combinations. Just as wine can complement a variety of different foods when the right combination of flavors is presented, so, too, can one's favorite brew. Craft brewers have opened the public's eyes to a much wider array of beer styles than may be available at the local liquor store or supermarket. Below you can find some suggestions for beer and food pairings, courtesy of the Brewers Association.

- **Blonde Ale:** Match this ale with lighter food choices, such as chicken, salads, and light, nutty cheeses.
- **India Pale Ale:** The hoppy forward flavor of IPAs makes these popular beers a good pairing with strong, spicy foods, or bold, sweet desserts.

## Horoscopes Nov. 1-7

### ARIES - Mar 21/Apr 20

Aries, beware of misinformation and make an effort to form your own educated opinion. Take everything with a grain of salt and verify the facts.

### TAURUS - Apr 21/May 21

If someone is struggling right now, show some support or offer helpful words, Taurus. A small gesture can go a long way, even if you do not think it will have a major impact.

### GEMINI - May 22/June 21

Gemini, if you are feeling out of sorts in a situation or do not know how to proceed, ask someone who has been in this situation before. It never hurts to ask for help.

### CANCER - June 22/July 22

It is time to balance the energy between yourself and another person that has felt cumbersome, Cancer. Start with a conversation and discover if the other party is feeling the same way.

### LEO - July 23/Aug 23

Leo, when you are full of self-confidence, others' actions do not bother you much. Those people can be arrogant or even abrasive and you'll be comfortable in your skin.

### VIRGO - Aug 24/Sept 22

Virgo, ambition may be good for the workplace, but you need it in your personal life as well. Figure out some goals on a personal or even romantic level, and get started.

### LIBRA - Sept 23/Oct 23

Be aware of someone who is trying to take advantage of you, Libra. Remind that person that you have strict limits. Never get pushed in a direction you do not want to go.

### SCORPIO - Oct 24/Nov 22

Scorpio, you do not have to change your plans or ambitions to what others want. Stick with your own ideas and goals and you'll be surprised at what you can accomplish.

### SAGITTARIUS - Nov 23/Dec 21

A friend might want to sell you on some big idea this week, Sagittarius. It may ultimately prove a sound venture, but you need to do your own research and figure things out for yourself.

### CAPRICORN - Dec 22/Jan 20

Surround yourself with the best friends you can find, Capricorn. These people will have your back when a tricky situation pops up sooner than you might think.

### AQUARIUS - Jan 21/Feb 18

Aquarius, embrace any challenges that arise in the days ahead. You can be successful if you maintain your focus and prevent distractions from blocking your path forward.

### PISCES - Feb 19/Mar 20

Pisces, if everyone seems to be moving at a faster pace than you, you may feel pressured to speed up. Just keep working at a rate that is comfortable for you.

# Four Fun Facts About the Month of November

Americans celebrate Thanksgiving each November, thus kicking off a holiday season that lasts until January 1. Though many see November as the start to a festive time of year, there's even more interesting and fun facts about the eleventh month of the year.

1. Like various other months on the calendar, November has something of a misleading name. November gets its name from the Latin word "novem," which means "nine." But today November is the eleventh month of the year. So is November a misnomer? Not exactly. November was the ninth month on the early Roman calendar. However, when the Gregorian calendar was adopted and the Julian calendar was abandoned, November kept its name if not its spot in the monthly pecking order. Hence, November is still

known as "November" even though it's now the eleventh month of the year and not the ninth.

2. If October goes out with ghouls and goblins on Halloween, which is celebrated on October 31, November begins a little more piously. That's because November 1 is All Saints' Day, a Christian solemnity, or feast day, that honors of the saints of the Christian church.

3. November is a significant month in world history. On November 11, 1918, at 5:45 a.m., an armistice was signed between the Allied Powers and Germany at Compiègne, France. The signing of the armistice ended hostilities on the Western Front, thus putting an end to World War I, which had begun more than four years earlier. The signing of the armistice ultimately led to the observance of

Armistice Day on November 11, 1919. Armistice Day was subsequently renamed Remembrance Day and Americans celebrate Veterans Day on November 11. Both Remembrance Day and Veterans Day honor military personnel who served honorably in times of war, conflict, and peace.

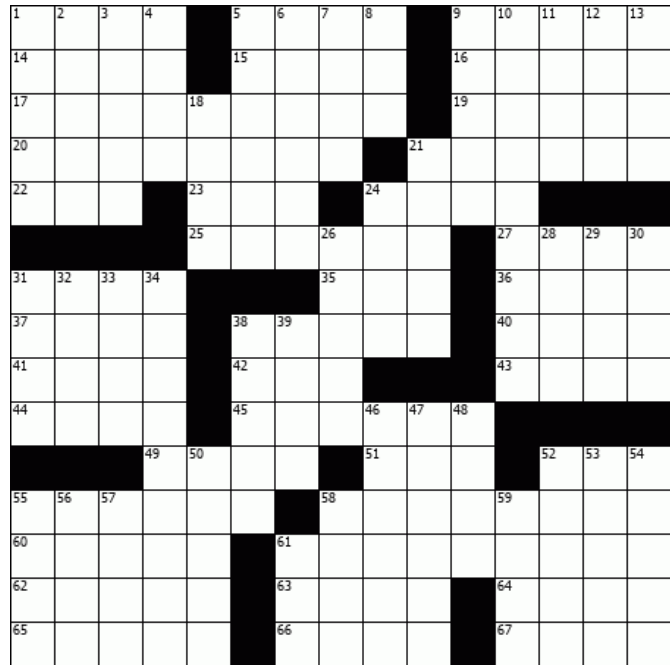

4. Topaz is the traditional birthstone of November. According to the Farmer's Almanac, the ancient Greeks believed topaz could make anyone who wore it invisible. Though that idea no longer holds water, topaz remains a symbol of honor and strength.

# Potential New Business to Sheridan Hosted Breakfast to Share Their Vision

Darrick and Norma Greene are not new to the food and wine business, however, they are hoping to bring a new business to Sheridan.

Last Friday, Oct. 27, the Darrick and Norma hosted the Sheridan Chamber of Commerce breakfast, entertaining close to thirty people to share their vision for a wine-tasting, food pairing, and possible "crush" facility. Chamber members came out in full force to show support for

Darrick and Norma. There have been several bumps in the road due to outdated municipal codes, and the Sheridan City Council is set to vote on changing some this upcoming meeting at 7p.m. on Monday, Nov. 6, at City Hall. If these codes are updated, they will be able to move forward with permitting from Yamhill County. The Sheridan Chamber thanks Darrick and Norma for hosting, and wishes them all the success.

Darrick and Norma Greene, hosts of Sheridan Chamber's breakfast last Friday, Oct. 27.

A large turn-out for the Chamber breakfast; all came in support of the potential new business to Sheridan.

## Sheridan Man Builds, Flies Own Planes From Airfield At His Home

**AIRPLANE BUILDER** Clyde Evers holds some of the awards he has received from *Mechanix Illustrated* magazine for his accomplishments of building his own airplane – with the help of his wife, Lois. Evers has received the plaques and the 24-carat gold-plated hammer for his construction job. He flies over the Tillamook Burn area from his home landing field.

Additional honors and recognition have been received by Sheridan-area man, Clyde Evers of Mill Creek, for his accomplishments in building his own airplanes.

Evers has received a plaque for Outstanding Individual Achievement from the publishers of *Mechanix Illustrated* magazine, as well as the magazine's 24-carat gold-plated hammer and Work Bench award.

An employee at the Willamina U.S. Plywood corporation plant, Evers has a flying career dating back to 1945, when he began his flying lessons at Troutdale and gained additional instruction in Sheridan. He received his pilots' license in 1946 and since then has owned five airplanes – three factory made and two home-made models.

His present plane was started in 1959, with the purchase of the necessary tubing, wheels, propeller and aircraft carburetor. Working in his 18 x 36

shop at his home, located on a small piece of acreage near Mill creek on Rt. 1, Sheridan, Evers built the wings of African ribbon-grain mahogany and covered them with Grade A cotton. His wife, Lois, assisted him in the covering and painting of the latest aircraft.

Finding it necessary to have more space in which to accomplish his project, Evers built himself a hanger with materials he purchased as well as some items he salvaged from the Sheridan airport hanger, which was blown down by a December 1961 storm. The hanger – 36 x 36 feet – is a smaller version of the one located at the airport, but enabled him to complete his airplane after four years of part-time work.

Soon after he received his license to fly, Evers became interested in building his own plane. In 1948, he began rebuilding a plane from plans and ideas in the *Mechanix Illustrated* publication, where

he found a wealth of materials shared by other hobbyists like himself.

His four-acre homesite provides him with a 900-foot long takeoff and landing strip, leading into a restricted two-mile corridor out over the Tillamook Burn area where he does his flying.

His plane is equipped with a 20 gallon gasoline tank, enabling him to fly for three hours at a stretch.

One "close-call" recalled by Evers was the time he was coming in for a landing and the plane's power quit while he still

was 40 feet up. He managed to make the landing without injury to himself and only slight damage to his craft.

Evers pointed out that he finds flying and building his own airplanes a rewarding hobby, although a "fairly costly" one. He announced plans to remodel and lighten his present plane for better performance, but also expressed the desire to own a four-seater in the future. This way he would be able to fly his family, including his teenage son and daughter, William 15, and Mildred, 14.

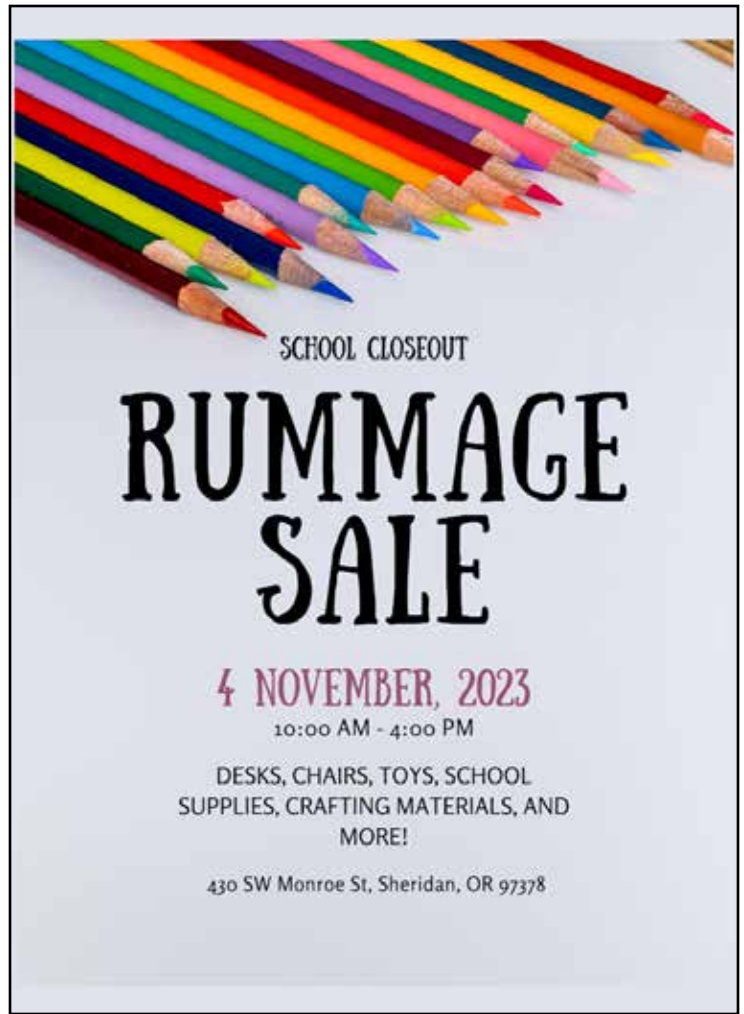

**BUILDER OF THIS** trim, single-seater airplane is Clyde Evers of Rt. 1, Sheridan. Taking a little more than four years to build from the ground up, the plane is flown by Evers from his homesite on Mill Creek.

**PLANE SHELL** – Shown while under construction at his home on Mill Creek is a small airplane built by Clyde Evers of Rt. 1, Sheridan. Evers has received several awards from a national publication for his accomplishment in building the aircraft.
